Note that this version is slightly different than Steve Smith's original routine:

- Part B: The step is called a "Walking Step". Footwork is the same as a Samantha, only it vines to the left for the first 4 beats, then turns ½ left to the back on last 4 beats.
- There is no bridge. Part D starts immediately, and gets off the phrase. Then he ends with one Operator, 2 Basics, and 2 Stomps.

---

You can dance this to Garth Brook's recording with one change. The second time you do Part B, do the Samantha only once. Either don't turn it, or turn it all the way around.

**Sequence:** A B A B\* C D A\* B C Break D

B\* - one Operator

A\* - replace last Fancy Double with 2 DS
